

CORRECTION

Correction to: Modeling CADASIL vascular pathologies with patient-derived induced pluripotent stem cells

This is a correction to: Chen Ling, Zunpeng Liu, Moshi Song, Weiqi Zhang, Si Wang, Xiaoqian Liu, Shuai Ma, Shuhui Sun, Lina Fu, Qun Chu, Juan Carlos Izpisua Belmonte, Zhaoxia Wang, Jing Qu, Yun Yuan, Guang-Hui Liu, Modeling CADASIL vascular pathologies with patient-derived induced pluripotent stem cells, *Protein & Cell*, Volume 10, Issue 4, April 2019, Pages 249–271, <https://doi.org/10.1007/s13238-019-0608-1>

In the originally published version of this manuscript, the authors identified an oversight in the primer sequences provided by the first author.

This does not affect any results or conclusions of this paper. The correction is as follows:

In the “RT-PCR and RT-qPCR” section of “MATERIALS AND METHODS”, the part “GAPDH forward primer, TCGGAGTCAACGGATTTGGT, GAPDH reverse primer,

TTGCCATGGGTGGAATCATA. NANOG forward primer, ACAACTGGCCGAAGAATAGCA, NANOG reverse primer, GGTCCCAGTCGGGTTCAC. OCT4 forward primer, GGGTTTTGGGATTAAGTTCTTCA, OCT4 reverse primer, GCCCCCACCCTTTGTGTT. SOX2 forward primer, CAAAAATGGCCATGCAGGTT, SOX2 reverse primer, AGTTGGGATCGAACAAAAGCTATT.” should be replaced by “GAPDH forward primer, ACCA CAGTCCATGCCATCAC, GAPDH reverse primer, TCCA CCACCCTGTTGCTGTA. NANOG forward primer, CAGC CCTGATTCTTCCACCAGTCCC, NANOG reverse primer, TGGAAGGTTCCCAGTCGGGTTCACC. OCT4 forward primer, GACAGGGGGAGGGGAGGAGCTAGG, OCT4 reverse primer, CTTCCCTCCAACCAGTTGCCCAAAC. SOX2 forward primer, GGGAAATGGGAGGGGTGCAAAGAGG, SOX2 reverse primer, TTGCGTGAGTGTGGATGGGATTGGTG.”
